

## House Expectations

All residents are asked to read the following expectations and if there are any questions please ask. We want to ensure that all of our residents will be living in a safe and secure environment. This will be a home shared by others and you need to respect others and the home you are living in.

- Each resident is expected to keep their personal living area neat, as well as cleaning up after themselves in the common area.
- There will be assignments for each resident that they will be required to perform daily and weekly.
- Each resident will be able to have home visitation with their children. This visitation must be approved and scheduled so that the rights of other residents will not be infringed upon.
- If you plan to stay overnight away from the house, each resident is expected to let the house manager know where you will be and when you plan to return. Accountability is important.
- Each resident is expected to become involved with a local church.
- Each resident is expected to attend group support meetings at least twice a month.
- Profanity from residents or staff will not be tolerated. Any form of pornography will not be allowed to be kept, used or viewed in the home.
- All residents are expected to participate in the weekly house meeting to discuss any problems they may have with other residents or the condition of the house.
- Each resident is expected to properly mark personal food items and dispose of such properly.
- Overnight guests are not allowed.
- Any time you have guests in your room the door must remain open.
- Full time (35 hours or more) of employment, volunteering, or school must be maintained by each resident.
